

1 BILL NO. S-88-01-34

2 SPECIAL ORDINANCE NO. S-29-88

3 AN ORDINANCE approving City  
4 Utilities Purchase Order No.  
5 09773 by the City of Fort  
6 Wayne, Indiana, by and through  
its Department of Purchasing  
and the General Electric Company,  
for the Water Pollution Control Plant.

7 NOW, THEREFORE, BE IT ORDAINED BY THE COMMON  
8 COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

9 SECTION 1. That City Utilities Purchase Order  
10 No. 09773, between the City of Fort Wayne, by and through its  
11 City Utilities, and the Department of Purchasing with  
12 the General Electric Company, for the Water Pollution Control  
13 Plant, respectfully for:

14 The purchase of the material  
15 and labor required to remove  
16 and install (1) motor control  
17 center at terminal pond #1  
that was damaged after being  
struck by lightning at the  
Water Pollution Control Plant;

18 involving a total cost of Eight Thousand, Nine Hundred  
19 Sixty and 00/100 Dollars (\$8,960.00), all as more particularly  
20 set forth in said Purchase Order #09773, which is on file  
21 in the Office of the Department of Purchasing, and is by  
22 reference incorporated herein, made a part hereof, and  
23 is hereby in all things ratified, confirmed and approved.

24 SECTION 2. That this Ordinance shall be in full  
25 force and effect from and after its passage, and any and  
26 all necessary approval by the Mayor.

27  
28  
29  
30

September 18, 1987

Mr. Gan Troost  
City of Fort Wayne  
Water Pollution Control Plant  
One Main St.  
Fort Wayne IN 46802

Dear Gan:

The Utility & Industrial Sales & Service Division of General Electric is pleased to quote an 8000-line MCC functional replacement of the MCC that sustained lightning and power damage.

General Electric's present MCC design is the 8000-line which replaces the 7700-line which you currently have. Basic construction and bus systems are the same. The 8000-line uses vertical lift handles with the disconnect mechanism. The doors are an integral part of the unit, and the doors open in the opposite direction from the 7700-line.

It is my understanding that the relay panel in unit JB2 was not being used in the system operation. Since the relay panel is not currently used, we will quote two different prices.

Quote #1 - 8000-line MCC functional replacement with outdoor enclosure. The relay panel in Unit JB2 will be recovered from existing panel and mounted (wires not connected) in the new MCC once MCC is installed. Removing and re-mounting of relay panel will be done by GE-U&ISSD on the customer site. The price for this equipment sell is \$8960.00 plus transportation.

Quote #2 - This quote consists of the equipment sell of Quote #1 plus the following work scope. Install and connect relay panel in Unit JB2. GE-U&ISSD will functionally test the relay panel for proper operation of the equipment supplied. The price for this equipment sell is \$11,645.00 plus transportation.

MR. GAN TROOST  
PAGE TWO

This quote is good for 30 days, and our Terms and Conditions are attached.

GE-U&ISSD would be happy to quote a "turn key" installation of the 8000-MCC for the City of Fort Wayne. The installation would consist of removing old MCC and installing new MCC. MCC will be connected and tested.

Thank you for this opportunity to quote a 8000-line MCC. If you have any questions on the equipment quote or would like a "turn key" installation, please give us a call at 219-428-3166.

Regards,
